

AP Biology
Tests and Review Schedule (2018)
(Subject to change with class discussion.)

By February 15

Chapter 5 - Structure and Function of Macromolecules (R)

Chapter 6 - A Tour of the Cell (R)

Chapter 7 - Membrane Structure and Function (R)

By March 1

Chapter 14 – Mendel and the Gene Idea (R)

Chapter 15 - The Chromosomal Basis of Inheritance (R)

Chapter 16 - The Molecular Basis of Inheritance (R)

Chapter 17 - From Gene to Protein (N/R)

By March 22

Chapter 18 - The Genetics of Viruses and Bacteria (N)

Chapter 19 - Eukaryotic Genomes (N)

Chapter 20 - DNA Technology (N)

By April 12

Chapter 22 - Descent with Modification (R)

Chapter 23 - The Evolution of Populations (N)

Chapter 24 - The Origin of Species (N)

By April 26

Chapter 11 - Cell Communication (N)

Chapter 43 - The Immune System (N)

Chapter 44 - Osmoregulation and Excretion (N)

By May 10

Chapter 50 – Ecology (N)

Chapter 51 - Behavioral Ecology (N)

Chapter 52 - Population Ecology (N)

Chapter 53 – Community Ecology (N)

Chapter 54 – Ecosystems (N)

By TBA

Chapter 41 - Animal Nutrition (R)

Chapter 42 - Circulation and Gas Exchange (R)

Chapter 46 - Animal Reproduction (R)

Chapter 48 - Nervous Systems (R)
